Hi Annie,

Here is the poster.

We can talk at 3:30 today, as long as formaldehyde workshop planning doesn't rear its head again (which it may); would you like to call me at my desk (703-347-0221)?

I would have to think about presenting... I am not sure I will have time to adequately prepare, but we can talk about that this afternoon.

Talk to you soon,
Andrew

Hi Andrew

I am sorry that I did not get to interact with you on your HOCH poster. It looked great. Can I get a copy?

And I need to talk to you about the upcoming HHRA meeting. I noted that you responded as tentative but I was hoping to have you possibly be a presenter – it would be to present some perspectives from HHRA on probabilistic methods and I view biomarker / MOA / AOP in that bin.

I am busy 1 – 3. Would say 3:30 work today?

Annie
